## Standing Authorization Code Changes Coming for BlueMedicare

We are making changes to our standing authorization procedure code list. Effective Nov. 1, 2021, the following procedure codes will require prior authorization for all BlueMedicare<sup>SM</sup> Medicare Advantage members:

- **Cardiovascular Procedures** – 92978, 92979, 93571 and 93572
- **Radiology Diagnostic Imaging Procedures** – 0234T – 0238T, 37220 – 37224, 37225 – 37229 and 37231 – 37235

Please make note of these changes. If a prior authorization is not on file for the procedures above on or after Nov. 1, 2021, the claims may be denied.

You can request prior authorization through Availity<sup>®1</sup> at [availity.com](https://www.availity.com). For details about our prior authorization processes, please refer to our provider manual at [floridablue.com/providers](https://floridablue.com/providers) and select *Manual for Physicians and Providers*.
