# Coding Opportunities Workflow and Care Events Calendar for Your Medicare Advantage Patients

The newest release of Provider Link (the official name of the Florida Blue Medicare platform where you manage your Florida Blue Medicare Advantage patients) consists of two new enhancements which are outlined below.

#### **Enhancement: Coding Opportunities Workflow**

The **Manage Opportunity** option has been added to the Coding Opportunities page. This allows providers to disposition coding gaps and upload related supplemental data. Dispositioning is a way to categorize coding gaps to better manage them. As a provider, you can see what coding opportunities you have addressed and how you might close them when a claim is submitted.
